

With tempered glass
as a natural product

for your bathroom
with a personal touch.

Your desire for privacy thought through to the end: Room partition with splash guard – from transparent to discreetly protected from sight; or as an individually designed, large-scale wall covering.

Benefits at a glance:

- Tempered glass can contend with normally expected forces on the glass in a controlled manner
- Tempered glass is also suitable for exclusively point-mounted applications
- Tempered glass is natural and customisable, stable and future-proof
- Glass surfaces are washable and can be cleaned without leaving any residue.
- No areas that facilitate the accumulation of water, conforms to highest hygiene standards

ertex Safety glass showers

Individual tailor-made solutions

ertl-glas.at

> ertex TEMPERED GLASS

is a safety product suited to glass doors and
glazing applications along walkways.

ertl-glas.at

Built with safety

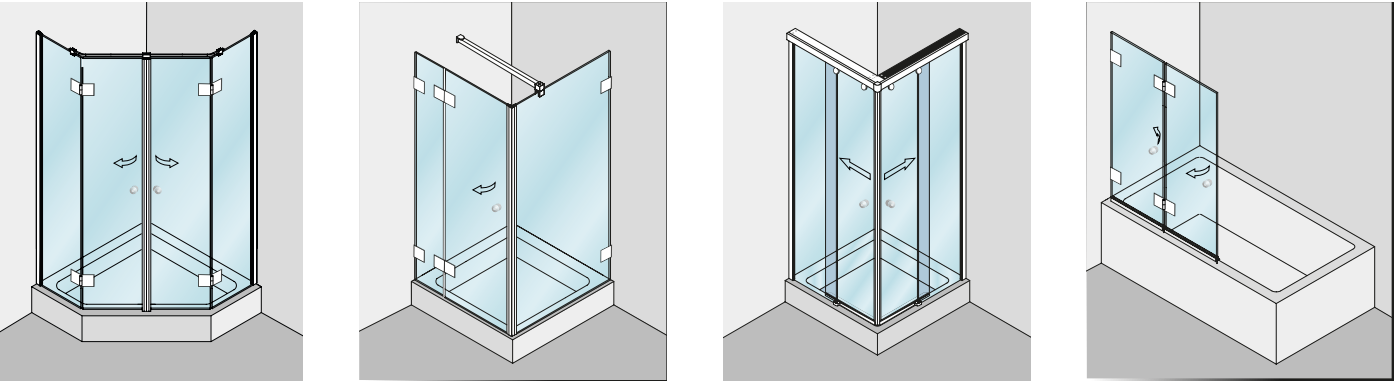

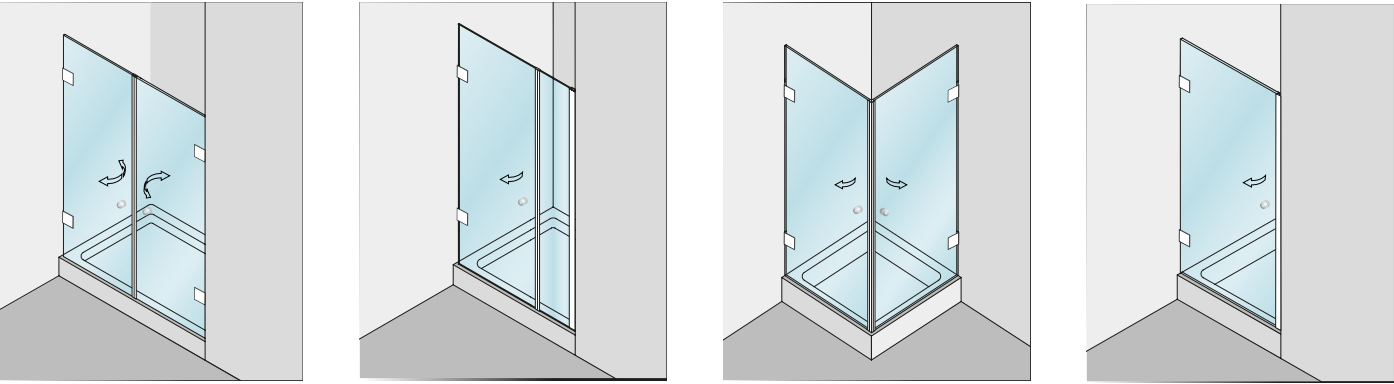

ertexSafety glass showers

Splash guards, door openings, wall coverings

Compliant with highest
hygienic standards
minimum use of fixings
(no wells for water to collect)

Splash protection partitions and large-scale, jointless wall coverings which can be designed individually according to your wishes and needs.

Customised solutions according to your wishes and for your benefit – directly from one source. Clean and discreet appearance. User-friendly for many years.

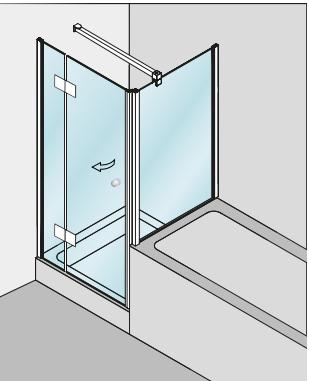

We are happy to advise you on the effects of different glass surface finishings to achieve long-lasting brightness and cleaning ease. Your local representative is available to answer all your questions.

All illustrations are standard representations.

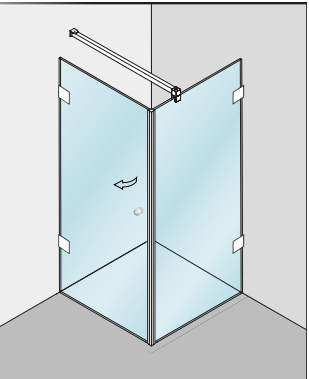

Combined splash water protection with wall base, corner application. Vertical wall connection via fixed sidelights only. Pivot door with flush closing on fixed sidelight. With reinforcement bar on top. Barrier-free access without threshold.

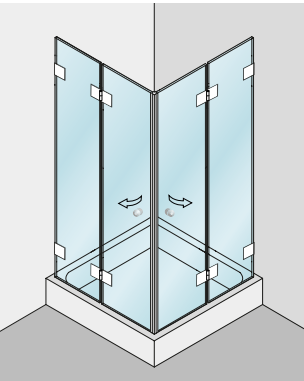

Colourless safety glass with **ertex digi4Cprint Satinato** design: Etch 56

Compact, three-sided cube with integrated, room-dividing visual protection. Optimum ventilation ensured due to different heights of glass panes. Flat shower tray in corner construction, surrounded by two fixed sidelights. Convenient access through wall-mounted pivot door. 8 mm **ertex Print** visual protection glass, completely coated in standard colour WINE RED.

Well thought-out. Versatile, transparent custom solution with an open and lightweight appearance. Flexible splash guard over flat shower tray in corner application. The foldable side walls can be stowed on the wall and save a lot of space. The ideal solution for compact rooms without cramped or bulky berth-like installations.

Barrier-free, partially open all-glass shower. Wall covering in wet area made of extra-white 8 mm enamelled glass with white opaque coating. Partition wall made of extra-white safety glass.

Tailor-made design according to customer wishes made of **ertex digi4Cprint**.
